

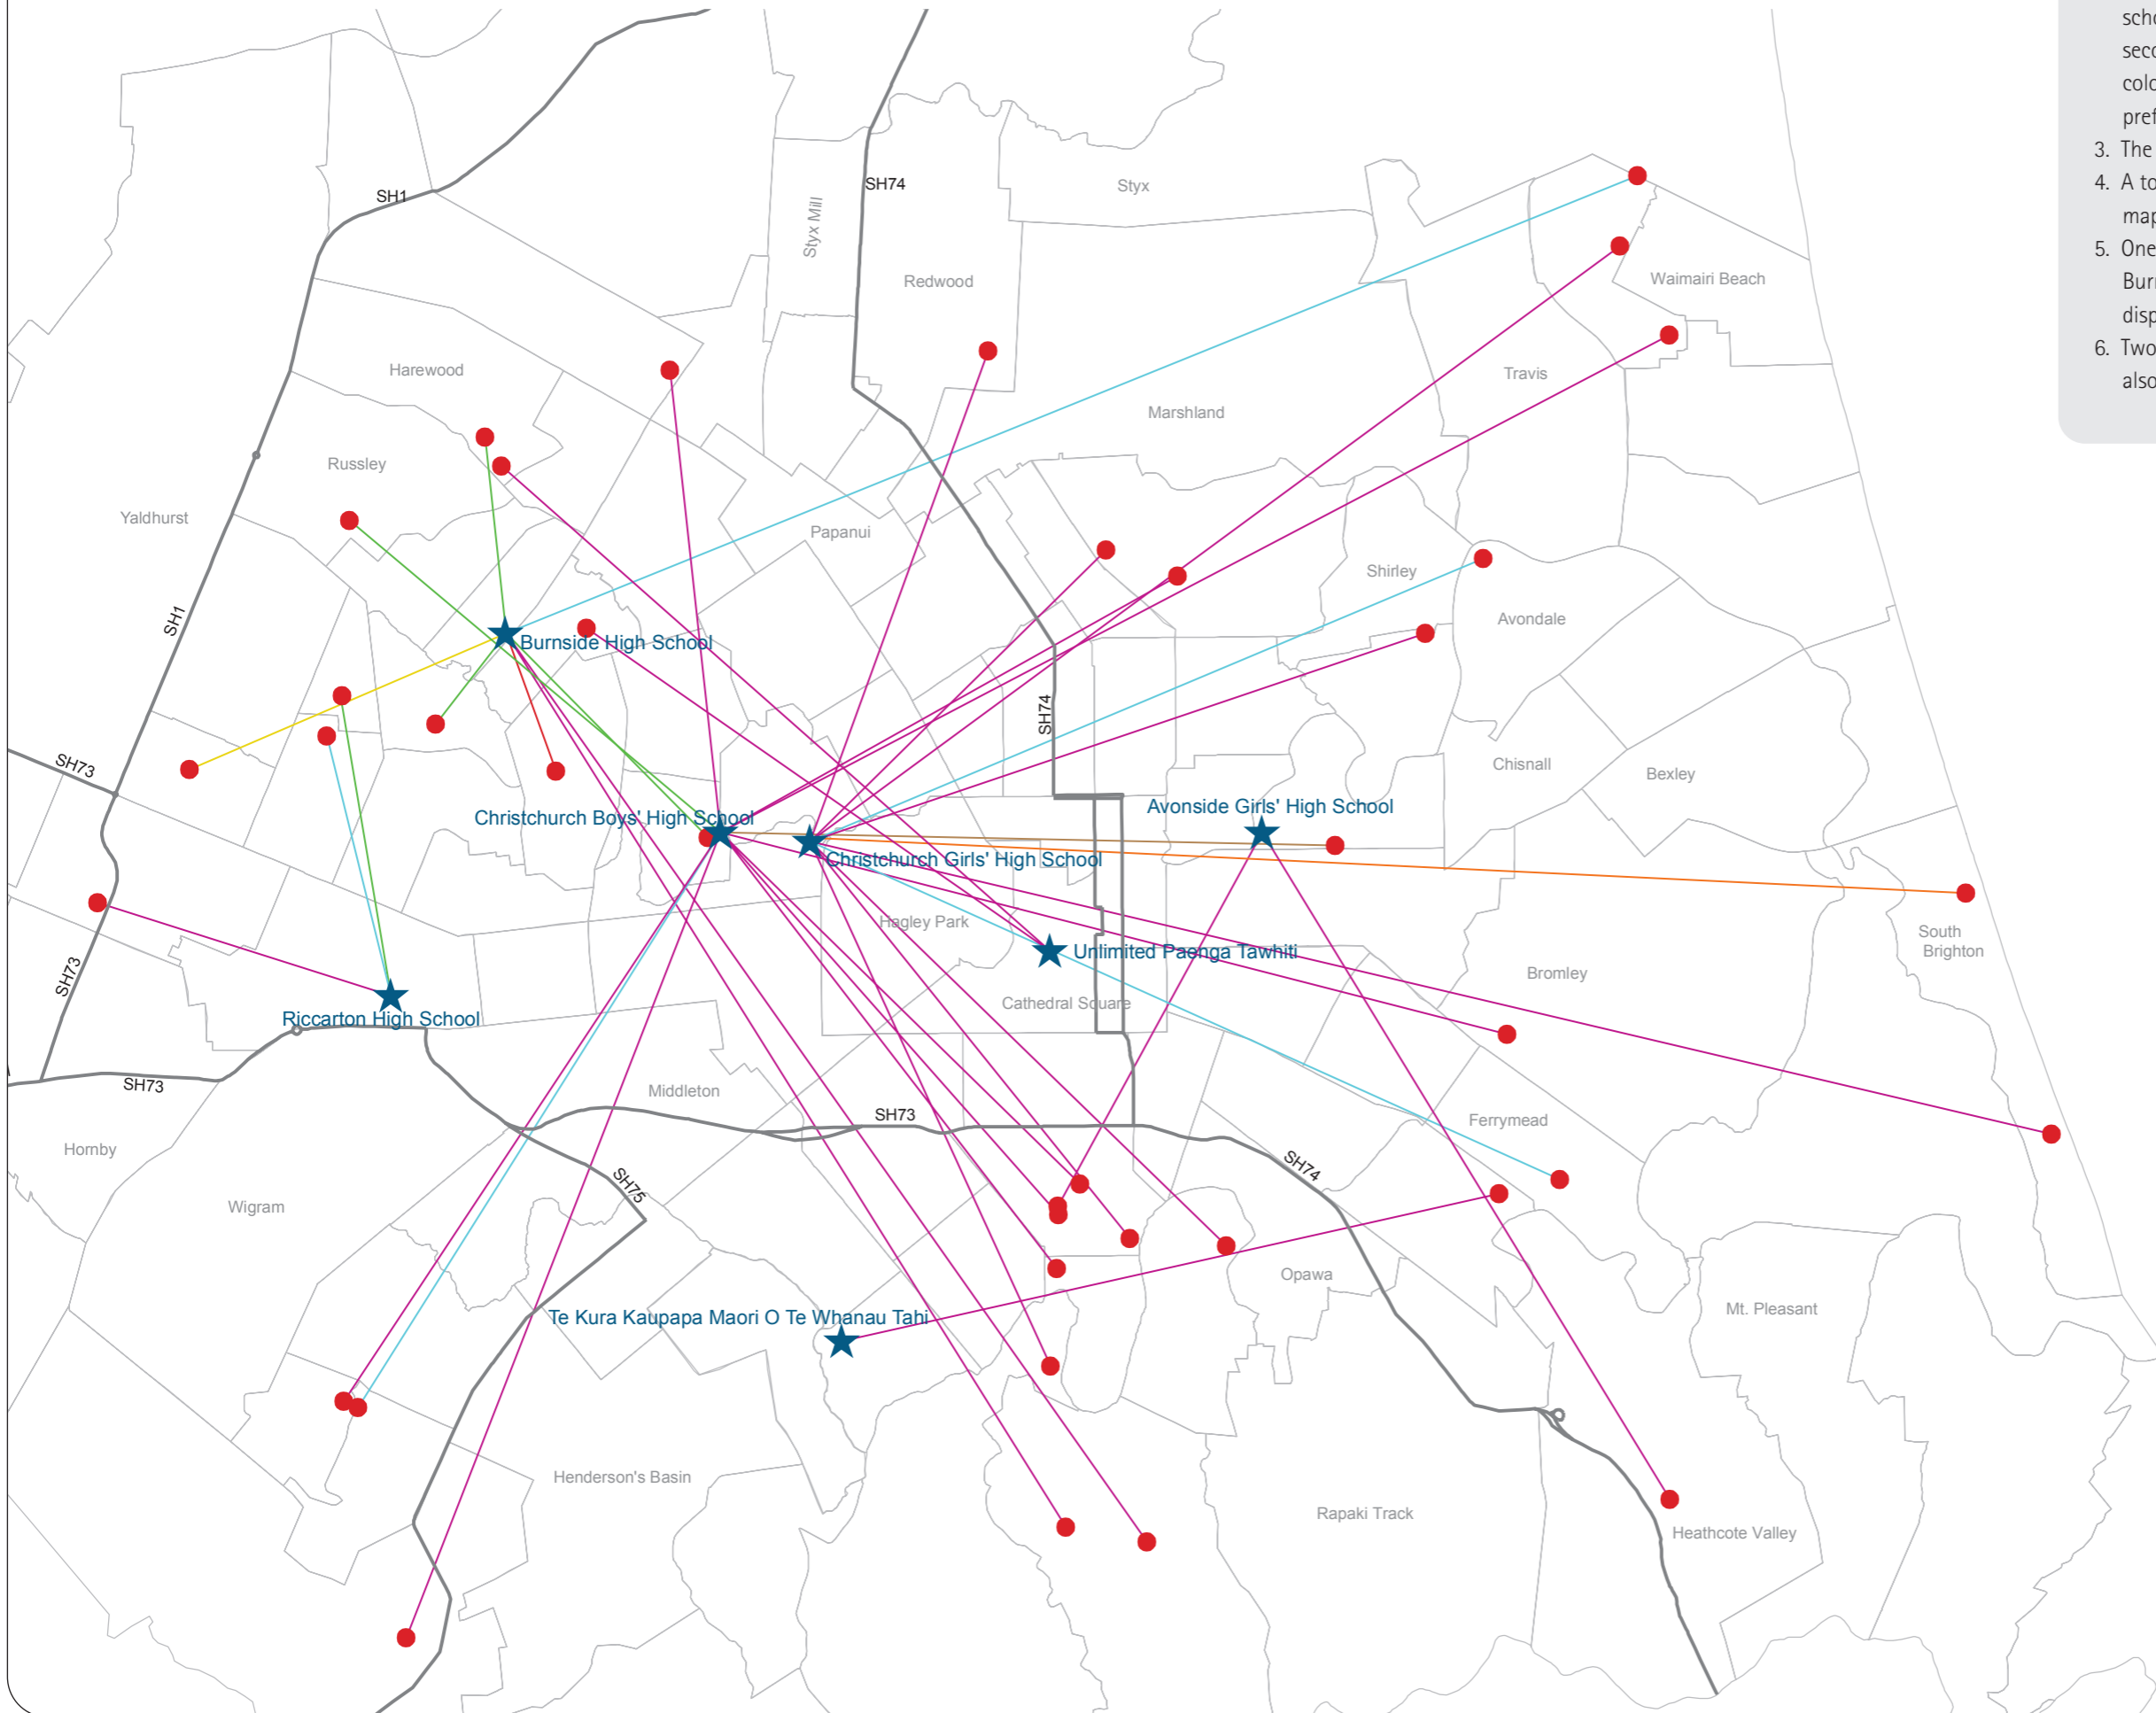

# Map 5.5

## Transportation to parents' preferred state school for their child given a choice of any state school

- ABOUT THIS MAP**
1. This map uses raw data from the survey.
  2. It illustrates how parents would transport their children to their preferred state school under the choice of any state secondary state school scenario, using colour-coded lines to identify their preferred mode of transportation.
  3. The scale is 1:60,000.
  4. A total of 39 parents are displayed on this map.
  5. One parent (ID number 12), assigned to Burnside High School by resampling, is not displayed on a map.
  6. Two parents (ID numbers 60 and 76) were also ignored, as noted for map 5.2.
